

# EAST WORLINGTON PRIMARY SCHOOL

## Child protection during the COVID-19 measures

### Annex to Safeguarding policy - version 1.0

#### Context

The way schools and colleges are currently operating in response to coronavirus (COVID-19) is fundamentally different to business as usual. Most children are no longer in a school setting and staff numbers have been affected by the outbreak.

Schools have been asked to provide care for children who are vulnerable and children whose parents are critical to the COVID-19 response and cannot be safely cared for at home.

This annex to our Child Protection policy sets out details of our safeguarding arrangements for:

1. Version control and dissemination
  2. Safeguarding priority
  3. Current school position
  4. Safeguarding partners' advice
  5. Roles and responsibilities
  6. Vulnerable children
  7. Increased vulnerability or risk
  8. Attendance
  9. Safe working practices for pupils attending school
  10. Reporting concerns about children and staff
  11. Safeguarding training and induction
  12. Safer recruitment/volunteers and movement of staff
  13. Peer on peer abuse
  14. Online safety
  15. New children at the school
  16. Supporting children not in school
-

## Version control and dissemination

This is version 1.0 of this annex. It will be reviewed by our designated safeguarding lead (DSL) or a deputy DSL on a weekly basis as circumstances continue to evolve or following updated Department for Education advice or guidance. It is available on the school website and is made available to staff by email from the DSL.

We will ensure that on any given day all staff and volunteers in attendance will be aware of who the DSL and deputy DSLs are and how staff and volunteers can to speak to them.

## Safeguarding priority

During these challenging times the safeguarding of all children at our school - whether they are currently at home or in attendance - continues to be our priority. The following fundamental safeguarding principles remain the same:

- our first concern is the welfare and safety of children
- if anyone in our school has a safeguarding concern, they will act immediately
- a designated safeguarding lead (DSL) or deputy DSL will always be available
- no unsuitable people will be allowed to gain access to children
- children should continue to be protected when they are online.

## Current school position

East Worlington Primary School is closed to all pupils except those from key workers who have requested provision and those pupils identified as vulnerable. Vulnerable pupils will only attend school where a risk assessment has identified that staying at home is not an option. The school is staffed each day by the Executive Headteacher or the Deputy Executive Headteacher, plus two members of teaching staff. Parents and Carers for eligible pupils are confirming their attendance online to ensure that staffing levels are appropriate.

All staff and volunteers attending on site from outside our school will complete an induction to ensure they are aware of safeguarding risks and know how to act if they have concerns.

Pupils will be educated on the site of Chulmleigh Community College.

## Safeguarding partners' advice

We continue to work closely with our three safeguarding partners, and we will ensure this annex is consistent with their advice. This will include expectations for supporting children with education, health and care (EHC) plans, the local authority designated officer and children's social care, reporting mechanisms, referral thresholds and children in need. The current advice is below.

We are regularly in contact with the Local Authority (Devon County Council) where a named officer is our link to the wider services that we access.

## Roles and responsibilities

The roles and responsibilities for safeguarding in our school remain in line with our Child Protection Policy.

If possible, our DSL and at least one deputy DSL will be available on site during the school day. Where this is not possible, we will:

- have a trained DSL or deputy DSL available by phone and/or online video; or
- ensure we have access to a trained DSL or deputy DSL from another school or college by phone and/or online video.

Where our DSL or a deputy DSL cannot be on site, then in addition to one of the above options we will also ensure a senior leader from the school takes responsibility for co-ordinating safeguarding on site.

**The designated safeguarding lead (DSL) for child protection is** Suzie Pinn

Contact details: email: [spinn@chulmleigh.devon.sch.uk](mailto:spinn@chulmleigh.devon.sch.uk)

**The deputy designated lead(s) is/are** Christine Pugsley

Contact details: email: [cpugsley@chulmleigh.devon.sch.uk](mailto:cpugsley@chulmleigh.devon.sch.uk)

**The safeguarding lead for Chulmleigh Academy Trust is** Neil Payne

Contact details: [npayne@chulmleigh.devon.sch.uk](mailto:npayne@chulmleigh.devon.sch.uk)

## Vulnerable children

Vulnerable children include those who have a social worker and those children and young people up to the age of 25 with education or health care (EHC) plans.

Those who have a social worker include children who have a child protection plan and those who are looked after by the local authority. A child may also be deemed to be vulnerable if they have been assessed as being in need or otherwise meet the definition in section 17 of the Children Act 1989.

Vulnerable children may attend school where there has been a risk assessment completed in partnership with the local authority that identifies that the risk of the child attending school is in their best wider interest. Where a parent does not want their child to attend school, and their child is considered vulnerable, we will discuss this with the social worker and explore the reasons for this directly with the parent.

Those with an EHC plan will be risk-assessed in consultation with the local authority and parents to decide whether they need to continue to be offered a school place in order to meet their needs, or whether they can safely have their needs met at home. This could include, if necessary, carers, therapists or clinicians visiting the home to provide any essential services. Many children and young people with EHC plans can safely remain at home.

Senior leaders in our school, especially the DSL (and deputies) know who our most vulnerable children are, and they have the flexibility to offer a place to those on the edge of receiving children's social care support.

We will continue to work with children's social workers and the local authority virtual school head (VSH) for looked-after and previously looked-after children.

## Increased vulnerability or risk

Negative experiences and distressing life events, such as the current circumstances, can affect the mental health of pupils and their parents. Staff will be aware of this in setting expectations of pupils' work where they are at home. Where we are providing for children of critical workers and vulnerable children on site, we will ensure appropriate support is in place for them.

Our staff and volunteers will be aware of the mental health of children and their parents and carers and will contact the DSL or a deputy if they have any concerns.

## Attendance

Where a child is expected but does not arrive at school, we will follow our attendance procedure and attempt to contact the family. If contact cannot be made, the DSL or a deputy DSL will be informed.

The DSL or a deputy will attempt to contact the parents through all possible methods. If contact cannot be made or if the DSL or a deputy DSL deems it necessary, we will undertake a home visit or ask an appropriate agency to do so. A risk assessment will be carried out before any such visit is made to ensure staff the family are not put at risk.

Where a vulnerable child does not take up their place, we will notify their social worker.

## Safe Working Practices for pupils attending school

To ensure that pupils and staff remain safe whilst attending school the following procedures must be adhered to:

- Handwashing to take place every hour
- Staff and pupils to maintain a 2 metre distance
- Pupils will be educated in groups of no more than 8
- Where is it practical to do so and necessary, lunchtimes will be staggered
- All equipment used by staff and pupils will be wiped down using anti-bacterial wipes each day
- Non-essential visitors are not permitted to enter the school
- Only pupils who cannot be safely supervised at home will attend the school

## Reporting concerns about children or staff

The importance of all staff and volunteers acting immediately on any safeguarding concerns remains. Staff and volunteers will continue to follow our Child Protection procedures [available on our website] and advise the DSL of any concerns they have about any child, including those who are not attending school.

The varied arrangements in place as a result of the COVID-19 measures do not reduce the risks that children may face from staff or volunteers. As such, it remains extremely important that any allegations of abuse made against staff or volunteers attending our school are dealt with thoroughly and efficiently and in accordance with our Safeguarding and Complaints Policies.

## Staff training and induction

For the duration of the COVID-19 measures, our DSL and deputy DSLs are unlikely to receive their refresher training. In line with government guidance, our trained DSLs and deputy DSLs will be classed as trained even if they cannot receive this training.

All current school staff have received safeguarding training and have read Part One and Annex A of Keeping Children Safe in Education. When new staff are recruited or volunteers join us, they will receive a safeguarding induction in accordance with our Child Protection Policy.

If staff from another setting attend the school site then, in line with government guidance, we will not undertake any additional safeguarding checks if the setting providing those staff confirm that:

- the individual has been subject to an enhanced DBS and children's barred list check and, that in the opinion of that setting, nothing resulted from those checks that provided any cause for concern
- there are no safeguarding investigations into the conduct of that individual
- the individual remains suitable to work with children.

## **Safer recruitment/volunteers and movement of staff**

It remains essential that people who are unsuitable are not allowed to enter the children's workforce or gain access to children.

When recruiting new staff, we will continue to follow our [Recruitment Policy](#).

In response to COVID-19, the Disclosure and Barring Service (DBS) has made changes to its guidance on standard and enhanced DBS ID checking to minimise the need for face-to-face contact.

For volunteers we will continue to follow the checking and risk assessment process set out in paragraphs 167 to 172 of Keeping Children Safe in Education 2019. Under no circumstances will a volunteer who has not been checked be left unsupervised or allowed to engage in regulated activity.

It is essential from a safeguarding perspective that we are aware, on any given day, which staff/volunteers are on our school site and that the appropriate checks have been carried out on those individuals. We will continue to maintain our single central record (SCR) during these measures to ensure we have this awareness.

## **Peer on peer abuse**

We recognise that children can abuse their peers and our staff are clear about the school's policy and procedures regarding peer on peer abuse. All peer on peer abuse is unacceptable and will be taken seriously. We also recognise that abuse can still occur during a school closure or partial closure and between those children who do attend the school site during these measures.

Our staff will remain vigilant to the signs of peer-on-peer abuse and will follow the process set out in our Child Protection Policy, which can be accessed via our website.

## **Online safety**

It is likely that children will be using the internet and engaging with social media far more during this time. Our staff are aware of the signs of cyberbullying and other online risks and our filtering and monitoring software remains in use during this time to safeguard and support children.

Our staff will follow the process for online safety set out in our Child Protection Policy

Staff who interact with children online will continue to look out for signs a child may be at risk. If a staff member is concerned about a child, that staff member will follow the approach set out in this annex and report that concern to the DSL or to a deputy DSL.

## **New children at the school**

Children may join our school from other settings. When they do, we will seek from those settings the relevant welfare and child protection information. This is relevant for all children that join us, but it will be especially important where children are vulnerable.

For vulnerable children we will ensure we understand the reasons for the vulnerability and any arrangements in place to support them. As a minimum we will seek access to that child's EHC plan, child in need plan, child protection plan or, for looked-after children, their personal education plan and know who the child's social worker (and, for looked-after children, who the responsible VSH is).

Ideally, this will happen before a child arrives but where that is not possible it will happen as soon as reasonably practicable.

Any exchanges of information will ideally happen at DSL (or deputy) level, and likewise between special educational needs co-ordinators/named individual with oversight of SEN provision for children with EHC plans. However, it is acknowledged this may not always be possible. Where this is the case, our school senior leaders will take responsibility.

The DSL will undertake a risk assessment based on the information received, considering how risks will be managed and which staff needs to know the information.

### **Supporting children not in school**

Where the DSL has identified a child to be on the edge of social care support, or who would normally receive additional pastoral support in school, they will ensure that a telephone call will take place between a member of the safeguarding team, the child and parent/carer takes place at least once, each week. In some cases, where it is deemed necessary, communication will be more frequent. Details of that plan will be recorded in the safeguarding file for that child. It will be reviewed regularly to ensure it remains current during these measures.
