

Key learning

- Use a variety of techniques to add interesting effects (e.g. reflections, shadows, direction of sunlight).
- Use a choice of techniques to depict movement, perspective, shadows and reflection.
- Choose a style of drawing suitable for the work (e.g. realistic or impressionistic).
- Use lines to represent movement.

Key Focus

A Zentangle pattern is an abstract drawing created using repetitive patterns. It is intended to be very relaxing, free, expressive, and creative art form.

Key vocabulary

Scale and proportion- Scale and proportion in art are both concerned with size. Scale refers to the size of an object (a whole) in relationship to another object (another whole).

Continuous line- drawings, which is unbroken from the start to the end of the drawing.

Form-Form as an element of art is three-dimensional and encloses space. Like a shape, a form has length and width, but it also has depth.

Abstract-Abstract art is art that does not attempt to represent an accurate depiction of a visual reality but instead use shapes, colours, forms and gestural marks to achieve its effect.

Zentangle pattern-a fun way to create beautiful images by drawing structured patterns. Zentangle art is non-representational and unplanned so you can focus on each stroke and not worry about the result.

Key questions

- Can I use shading, hatching and tone for effect?
- Can I show perspective by using shadows and reflection?
- Can I show size using scale and proportion?
- Can I use lines to represent movement?
- Can I use a variety of techniques to demonstrate 3D shapes?
- Can I label my drawings to raise questions and clarify my thinking?
